A SOUR STOMACH
GAS, INDIGESTION

Each "Pape's Diapiesin" Digests 3,000
Grains Food, Ending Stomach Mis-
ery in Five Minutes.

If what you just ate is souring on
your stomach or lies like a lump of lead,
refusing to digest, or you belch gas and
eructate sour, undigested food, or have a
feeling of dizziness, heartburn, fullness,
nausea, bad taste in mouth and stomach
headache, you can get blessed relief in
five minutes.

Ask your pharmacist to show you the
formula, plainly printed on these fifty-
cent cases of Pape's Diapiesin, then you
will understand why dyspeptic troubles
of all kinds must go, and why they re-
lieve sour, out-of-order stomachs or indig-
estion in five minutes. "Pape's Diapiesin"
is harmless; tastes like candy,
though each dose will digest and pre-
pare for assimilation into the blood all
the food you eat; besides, it makes you
go to the table with a healthy appe-
tite; but, what will please you most, is
that you will feel that your stomach
and intestines are clean and fresh, and
you will not need to resort to laxatives
or liver pills for biliousness or constipa-
tion.

This city will have many "Pape's Diapiesin"
cranks, as some people will call
them, but you will be enthusiastic about
this splendid stomach preparation, too,
if you ever take it for indigestion, gases,
heartburn, sourness, dyspepsia, or any
stomach misery.

Get some now, this minute, and rid
yourself of stomach trouble and indig-
estion in five minutes.—Adv.

MURPHY TO STICK TO TAMMANY FOR LIFE

New York Boss Declares That He Will
Never Get Out As Long as
He Lives.

New York, Feb. 6.—"I intend to stay
here as long as I live," said Charles F.
Murphy yesterday. By "here" he meant
the leadership of Tammany hall. His
statement was called forth by an in-
quiry regarding a report that he intended
soon to retire and resign the leader-
ship to a committee of three of his
friends. "That is not true," said Mur-
phy. Thomas F. Foley, the ex-sheriff,
named in these rumors as one of the
three upon whom the chief intended to
drop his mantle, said: "All this talk is
started by outsiders who made failures
of themselves in their own little towns
and came here to start something. The
only way they can be noticed is by try-
ing to start something against Tam-
many hall."

Boston to 'Frisco by Water.

Boston, Feb. 6.—Plans for a steamship
service to San Francisco through the
Panama canal were made public yester-
day. The voyage is to take 23 days.

PRESIDENT FOR REPEAL

Will Use Every Legitimate
Influence at His Dis-
posal to Change

PROVISIONS OF
PANAMA CANAL ACT

Exempting American Coast-
wise Ships from Pay-
ment of Tolls

Washington, Feb. 6.—President Wil-
son announced yesterday that he would
endeavor to have repealed at the pres-
ent session of Congress the provisions
of the Panama canal act, which exempts
American coastwise ships from the pay-
ment of tolls. He made his position
clear to callers.

The president believes that the Hay-
Pauncefote treaty with England guaran-
tees an equity of treatment to all
nations in the tolls matter including the
United States, and that this country is
honor-bound to charge American ves-
sels the same tolls it imposes upon for-
eign nations.

Senator Gorman declared that he will
stand by his convictions to exempt
American vessels and will fight the pres-
ident's desires.

PRESIDENT SEEKS REAL AMBASSADOR

Russian Trade Treaty Awaits Selection
of Diplomatic Envoy—Jews Ask
for Safeguard of Rights.

Washington, Feb. 6.—President Wil-
son yesterday took up the search for a
suitable ambassador to Russia.

A pressure that is becoming uncom-
fortable is being brought to bear from
various quarters for the negotiation of
a new trade treaty with Russia. This
pressure is added to my the demands of
the leading Jews of the country that
whatever treaty is negotiated shall ab-
solutely safeguard the rights of Jews
to travel through Russia exactly the
same as any other American citizen.

Half a dozen delegations have called
on the president to emphasize this
point. All have pointed to the Balti-
more platform emphasizing the declara-
tion of the Democracy that American
citizens must be treated alike "at home
or abroad without regard to race or re-
ligion."

Confidential reports from Russia indi-
cate that the czar's government is at
present determined to make no conces-
sions to this country. Because of this
the president wants a real diplomat for
the Petersburg post. He had hoped
that Charles R. Crane of Chicago would
accept. Crane had been in Russia many
times, he has big business connections

There's No Corn That "GETS-IT" Won't Get

No More Fussing, Plasters, Salves and
Corn Pains—Try the New Way.

"Just look at the way that corn comes off!"
That's what you'll say when you try wonder-
ful "GETS-IT" on that corn you've tried so
long to pry off your toe. It's easy to apply
"GETS-IT"—one, two, three, and it's done!

Madam, For Those Corns That Make You Jump
Out of Your Shoes, Try Wonderful "GETS-IT."

The corn begins to shrivel away the soon,
surely, absolutely. A few drops will do it.
"GETS-IT" never makes toes red and raw.
Corn pains go! It means the end of cutting
and gouging of corns, the end of sticky plas-
ters that don't work anyhow, the end of salves
that eat up your toes; no more "harness," or
fussing. Try "GETS-IT," the new, sure way,
for corns and calluses.

there and is welcomed cordially in of-
ficial circles. But Crane has told the
president flatly that his business needs
his personal attention and that he can-
not accept.

There is a chance the president may
ask William Rockhill, former ambas-
sador to China, and a Republican, to take
the post.

In addition to Russia, the president
still has to choose ambassadors to
France and Brazil. There are a score
of candidates, but it is certain "Demo-
crats only" will be considered for these
two positions.

SOUTH AMERICAN TRADE.

Some Interesting Figures Given Out
Concerning It.

Washington, Feb. 6.—While imports
from five South American countries
during December, 1913, were consid-
erably more than the imports from the
same countries for December, 1912, ex-
ports from the United States to these
countries decreased in a majority of
cases, according to the department of
commerce.

Imports from Argentina, Brazil, Chile,
Peru, and Uruguay for December, 1913,
were all in excess of imports for the
same month of the preceding year; in
some cases almost double. Exports
from the United States to Argentina
during last December, compared with
the exports for December, 1912, as did
also the exports to Chile and Peru were
slightly in excess of what they were in
December, 1912.

that he had no authority to award 318

Deputy Charles Foley.

BRYAN'S NEW PEACE MOVE

He Asks No Immedi-
ate Action on
Asiatics

WOULD CHECK
NEGOTIATIONS

He Hopes to Settle the
Japanese Ques-
tion

Washington, Feb. 6.—Secretary Bryan
urged the House immigration committee
yesterday to take no action on the Bak-
er bill for exclusion of Asiatic immi-
grants. Diplomatic negotiations be-
tween the United States and Japan over
the California anti-alien land laws and
the whole question of the Asiatic ex-
clusion was discussed at length behind
closed doors. The secretary bound Re-
publicans and Democrats alike to se-
crecy and told them the administration
needed to be free from legislative em-
barrassments in dealing with the situa-
tion diplomatically. It was generally
understood that the wishes of the state
department would be respected.

Secretary Bryan told the committee
that unless some untoward circum-
stances arose he hoped for an amicable
adjustment of the Japanese question.
An agitation in Congress at this time,
he declared, would be more unfortunate.
Representative Baker and Representa-
tive Hayes of California were the only
members of the committee inclined to
oppose the wish of the secretary that
action in the matter be definitely post-
poned. Others readily agreed that
nothing should be done which would in
any way embarrass the administration.

FAVOR PEACE CELEBRATION.

London Papers Heartily Indorse Sug-
gestion Made by British Committee.

London, Feb. 6.—The London morn-
ing papers heartily indorse the sugges-
tions made at the meeting of the British
committee for the celebration of the
centenary of peace, and hope that the
public will respond promptly to the ap-
peal for \$250,000. The Times, in an edi-
torial, says: "Anglo-American relations
fortunately stand in no need of artificial
sustenance." Referring to Secretary
Bryan's peace treaty, the Times says:
"War between Great Britain and the
United States has become unthinkable.
With that central and indisputable fact
we might well rest content, especially
as the fate of more than one Anglo-
American treaty should have taught the
statesmen of both countries the folly of
forcing the pace and over-emphasizing
facts and conditions that may safely be
left to develop in their own way and at
their own time."

Referring to President Wilson's pro-
clamation relative to Mexico, the Times
considers that this will hardly bring a
permanent solution of the problem, but
says that, whatever policy they may
eventually be driven to adopt, the
Americans may be confident that no
difficulties will be placed in their way
by the British government. "We have
had too much experience in similar pre-
dicaments," adds the Times, "not to
sympathize with the hesitancy of Ameri-
can statesmanship in the face of such a
difficult situation."

Mr. Asquith at the meeting declared
that the treaty of Ghent had been one
of the most successful diplomatic in-
struments in the history of the world.
He added: "I do not exaggerate when
I say that if the controversies which in
the intervening century have aroused
between the two peoples, excited
strong resentments and led to a great
effusion of diplomatic dialectics, had
taken place between any other two peo-
ples of the world they must in all proba-
bility have led to the effusion of blood."

TRAMP IDENTIFIED.

But His Name Only Disclosed When He
Was Dead.

Cincinnati, O., Feb. 6.—The body of a
tramp who was shot and killed here last
Saturday after breaking into a house to
steal food, was identified in his coffin
as Robert Doorn of Louisville. Mrs.
Nealand said that his family in Louis-
ville was prominent.

The tramp was given a unique fun-
eral. A number of vagrants who had
been his companions at a charitable in-
stitution contributed 75 cents to buy
flowers for him. Fifty of them organized
a choir and sang hymns at the funeral
service.

An undertaker donated a hearse and
coffin and more than a hundred tramps
trudged behind it to the cemetery, bear-
ing banners asking for work.

COL. ROOSEVELT TO ASSIST.

To Get Into Saddle and Assume Com-
mand of Progressive Army on Return.

Portland, Me., Feb. 6.—"Roosevelt will
come to Maine next fall to assist the
Progressives in the state campaign," said
George W. Perkins in an address yester-
day. He told his hearers that Roose-
velt upon his return from South Ameri-
ca would get into the saddle and assume
command.

Harrisburg, Pa., Feb. 6.—Gifford Pin-
chot has been formally invited to be a

RADIUM BILL DELAYED.

Rules Committee Will Not Allow It to
Come at This Session.

Washington, Feb. 6.—The rules com-
mittee of the House has decided not to
allow the House to take up the radium
conservation bill at this session. The
rules committee is not giving its rea-
sons for this act, but it is believed that
the House leaders do not want to stir
up the heated controversy which con-
servation legislation always creates. The
Foster bill, therefore, will go over till
next winter.

"It Makes Things Hum"

"Mayo's for mine around the mill. I've smoked Mayo's
right along; my dad did, too, before me. It's been a prime
New England favorite ever since I can remember.

"What I like about Mayo's is you can smoke it all day long
and get real pleasure out of it. With me, it steadies me down
and makes things hum.

"I can't get the satisfying taste out of other tobaccos that
I get from Mayo's—so I recommend Mayo's every time."

Mayo's Cut Plug

healthful, old Burley can give when it is

PLANNING OCEAN FLIGHT.

Wanamaker to Finance Building of Huge
Craft to Cross Atlantic in One Day.

New York, Feb. 6.—The success of
Rodman Wanamaker's flying boat in
crossing the Atlantic ocean in a single
flight will depend almost entirely upon
its motor, according to aviators and aero-
plane constructors, who yesterday let it
be known that other machines were either
in the process of designing or build-
ing with a similar object in view.

Through the Aero Club of America, Mr.
Wanamaker Wednesday night announced
that Glen H. Curtiss was building to his
order an immense hydro-aeroplane in
which an attempt would be made this
summer.

In making the announcement that the
flight will surely be undertaken this
summer, the Aero Club of America, on
behalf of Mr. Wanamaker, has asked for
the co-operation of all persons inter-
ested in seeing America first to con-
quer the air routes between the United

States and Europe, and also the co-
operation of the United States weather
bureau, the navy and all owners of pleas-
ure yachts and merchant vessels. The
route is from St. John, N. B., to the
Irish coast, and has already been mapped
out by Rodman Wanamaker, who made
a trip to Europe for that purpose. It
calls for 1,600 miles of continuous fly-
ing, to be done if possible between dawn
and nightfall of a single day. Mr. Wan-
amaker expects that the journey will
take from 12 to 15 hours.

Chicago, Feb. 6.—A man who habitually
sets his alarm clock for 2 a. m. and
at that hour makes his wife get out of

disorderly conduct. This ruling was given
yesterday by Municipal Judge Sullivan,
who fined the offender, Stanley
Melish, \$50 and costs.
